Integration

```
// create the PSPDFDocument (container for one or multiple pdfs)
NSString *path = [[[NSBundle mainBundle] resourcePath] stringByAppendingPathComponent:@"Sample.pdf"];
PSPDFDocument *document = [PSPDFDocument PDFDocumentWithURL:[NSURL fileURLWithPath:path]];

// open view controller
PSPDFViewController *pdfController = [[[PSPDFViewController alloc] initWithDocument:magazine] autorelease];
[self presentViewController:pdfController animated:YES];
```
